

# Desk + Counter Partitions

# Solutions Types

# Parameters

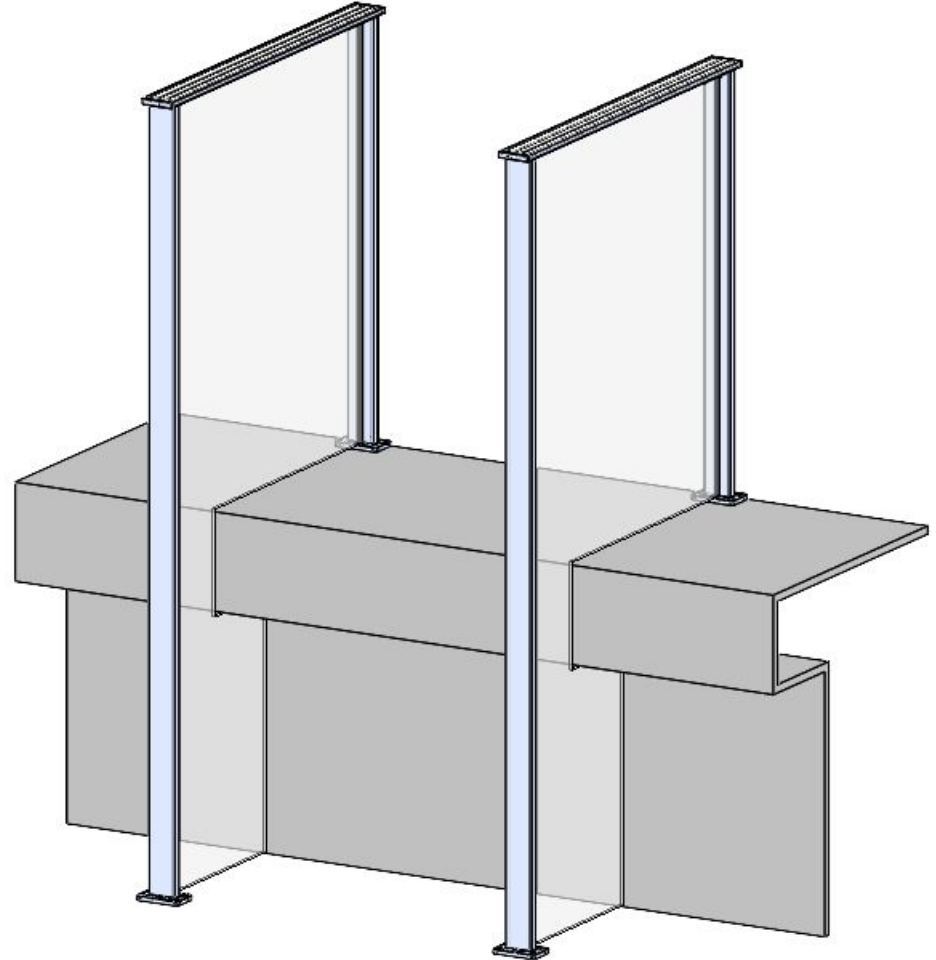

- Panel Height
- Panel Width
- Vertical Cantilever
- Horizontal Cantilever
- Notch Size

# ILTUO - Cantilevered

- Material: 3/8" Varia
- Side posts, top rail, and side brackets
- Post-2-Post Max: 48in
- Top rail required
- Dimensions required – Notch dims + Plate-2-plate
- Side brackets need powder coating to match

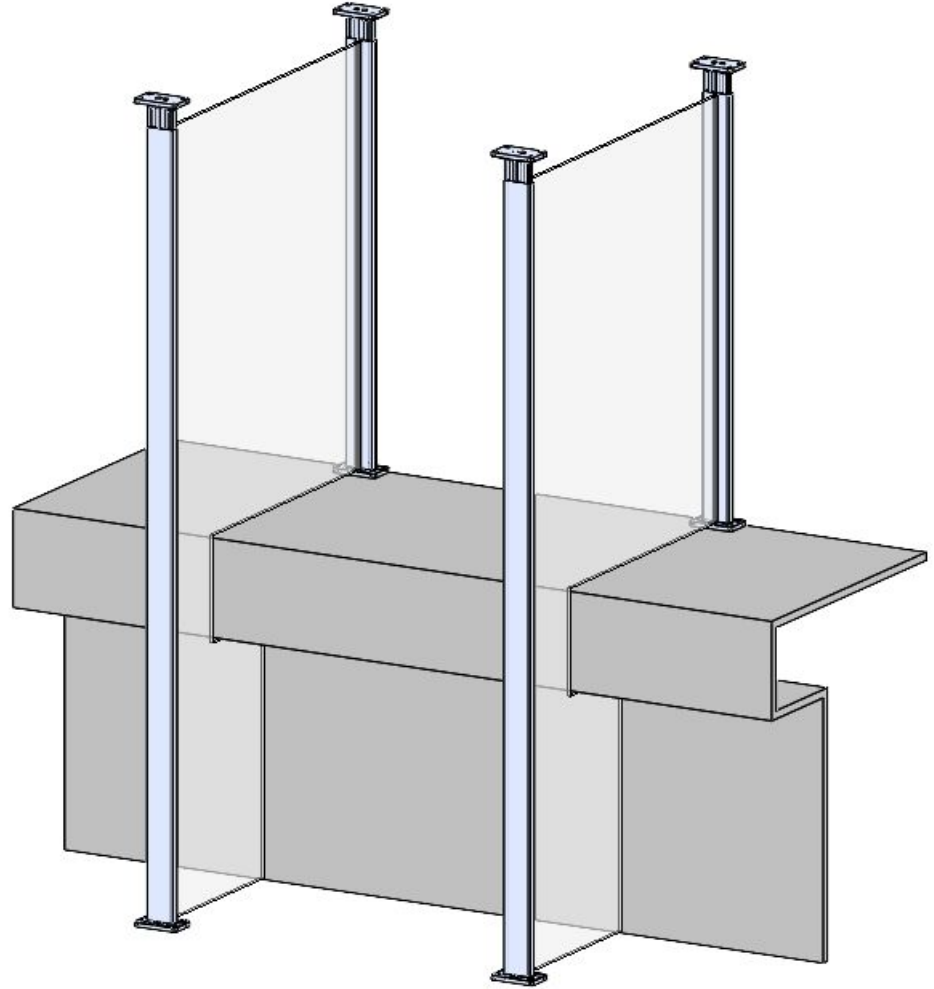

|      | Max Solution Height (from floor) |        | Max Solution Width |        |
|------|----------------------------------|--------|--------------------|--------|
|      | VARIA                            | CHROMA | VARIA              | CHROMA |

| 3/8" | 24"                     | 24"    | -     | 48"       | 48"    | -     |
| 1/2" | 24"                     | 24"    | 72"   | 60"       | 48"    | 24"   |
| 3/4" | 24"                     | 24"    | -     | 60"       | 48"    | -     |

# DESK BRACKETS

- Material: ¼" Varia ONLY
- MAX Cantilever: 24" Both directions
- VHB tape
- Best when counter can't be modified
- Max deflection: 5" @ 25 lbs

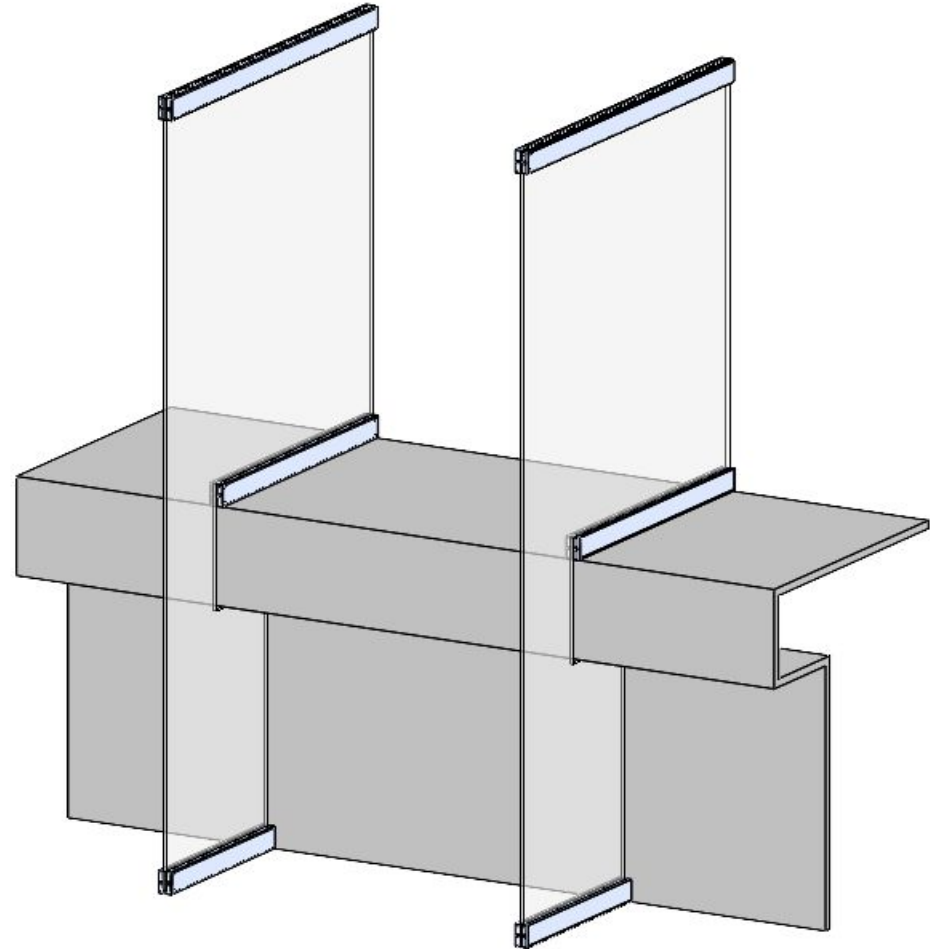

| Max Cantilever Height |       | Max Cantilever Width |       |        |
|-----------------------|-------|----------------------|-------|--------|
|                       | VARIA | CHROMA               | VARIA | CHROMA |
| ¼"                    | 36"   | -                    | 24"   | -      |

# TOP SUPPORT

- Not to be used in place of Fin
- All weight hangs from top channel and fits in either a bottom channel or millwork (by others)
- Side bracket may be necessary

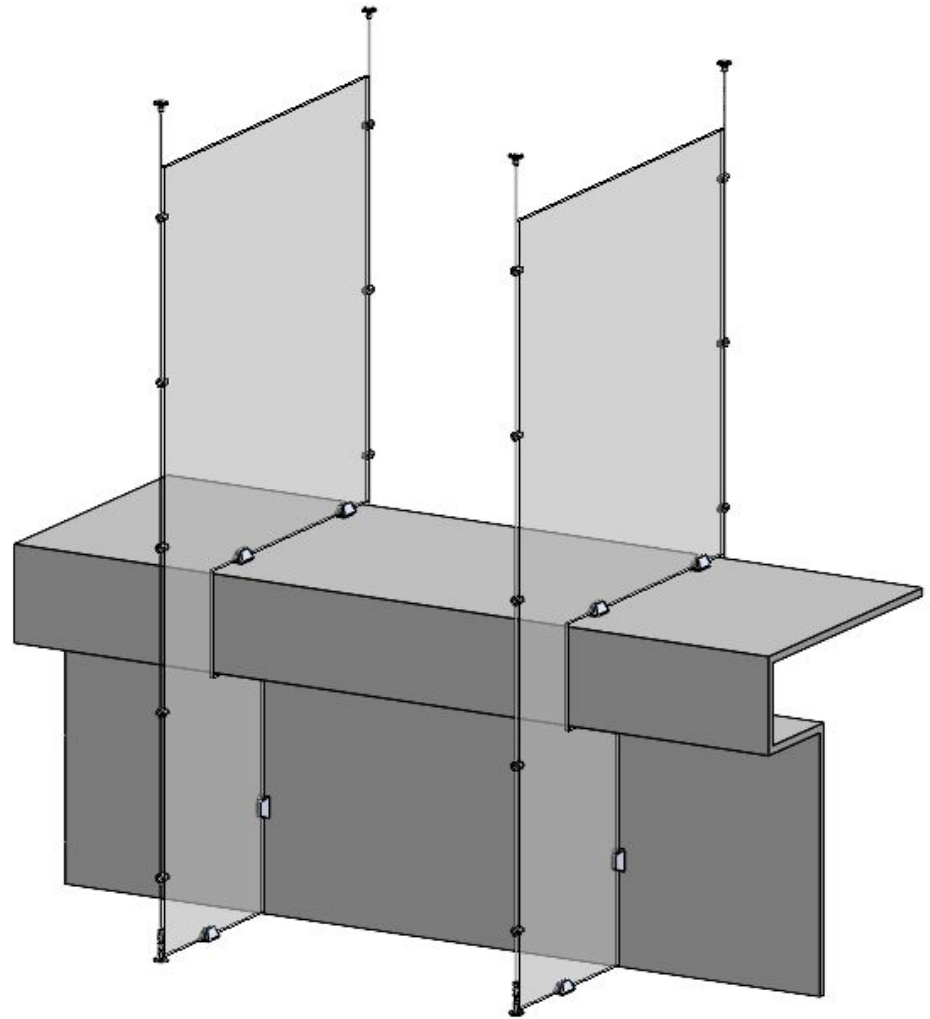

|      | Max Solution Height (from floor) |        |       | Max Solution Width |        |       |
|------|----------------------------------|--------|-------|--------------------|--------|-------|
|      | VARIA                            | CHROMA | GLASS | VARIA              | CHROMA | GLASS |
| 3/8" | 120"                             | 96"    | 96"   | 60"                | 48"    | 48"   |
| 1/2" | 120"                             | 96"    | 96"   | 60"                | 48"    | 48"   |
| 3/4" | 120"                             | CMP    | 96"   | 60"                | CMP    | 48"   |

# SUSPEND

- Standard Suspend guidelines apply
- NOT Seismic
- Desk brackets necessary and do not match Suspend hardware.

|      | Max Solution Height (from floor) |        | Max Cantilever Width |        |
|------|----------------------------------|--------|----------------------|--------|
|      | VARIA                            | CHROMA | VARIA                | CHROMA |
| 3/8" | 120"                             | -      | 48"                  | -      |

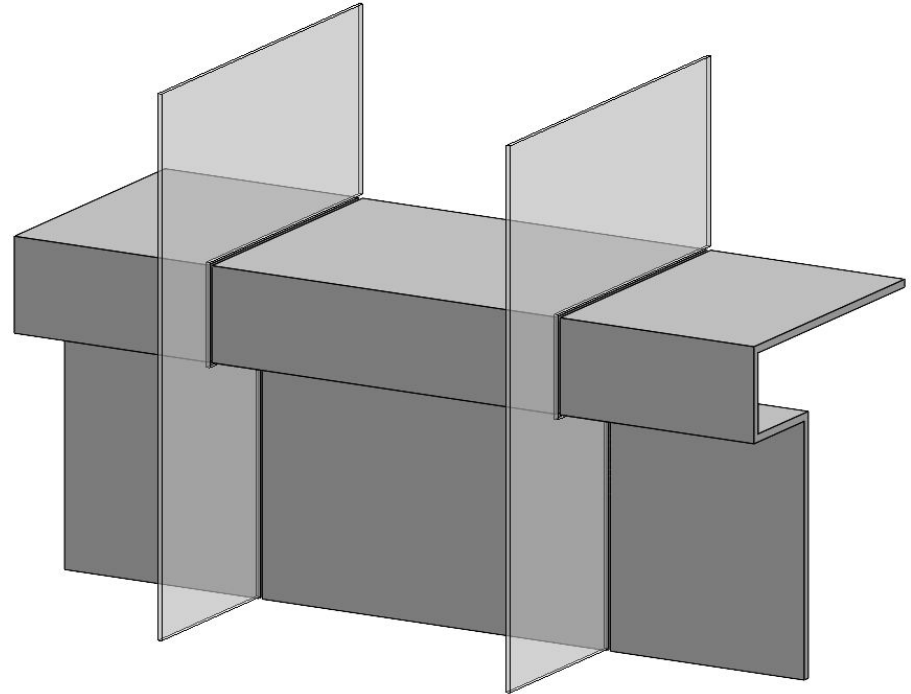

# SUSPEND

# Millwork

- Millwork strictly by others
- Gaskets required

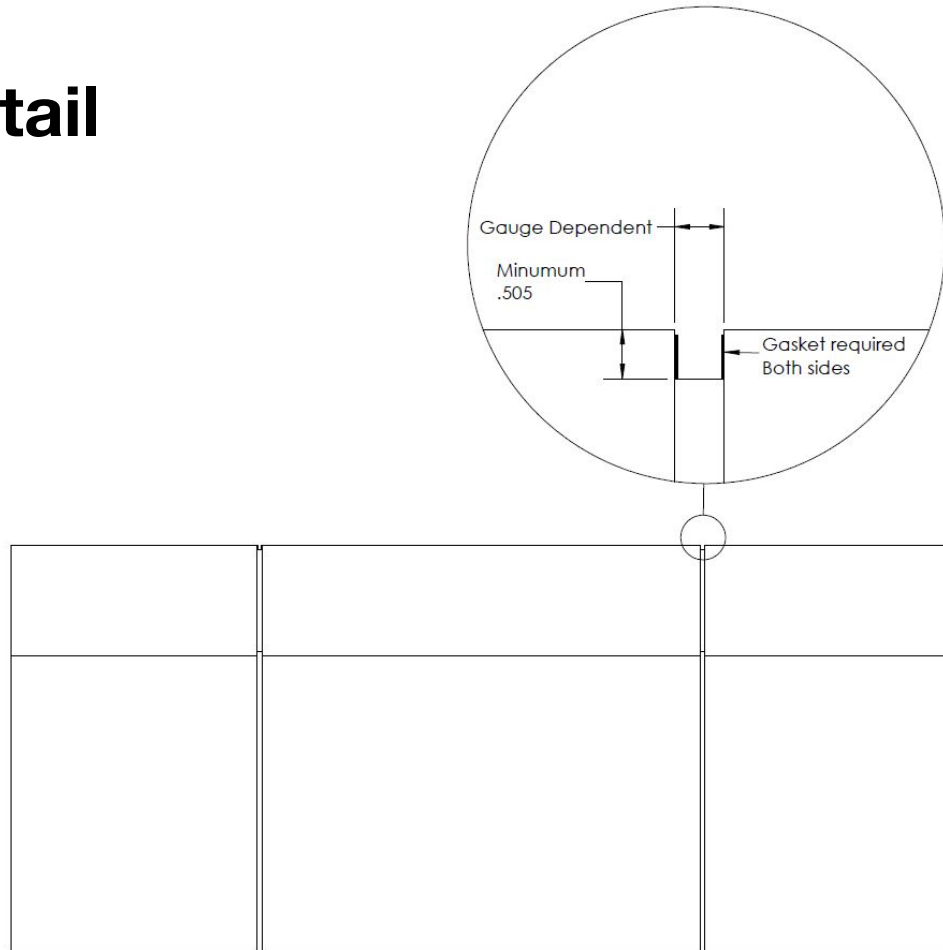

|      | Max Cantilever Height |        | Max Cantilever Width |        |
|------|-----------------------|--------|----------------------|--------|
|      | VARIA                 | CHROMA | VARIA                | CHROMA |
